

GF - It's A Grand And Healthy Life

artist:George Formby , writer:Gifford, Cliffe, Formby

tune in D

Some chaps like a game of tennis,
Some like boating on the sea.
Some are fond of cricket or a ball they want to kick it
But there's only one sport that appeals to me.

I love to hike, that's what I like,
Ee! but it's a grand and healthy life.
I tramp a mile, then sit a while
A bumblebee there in the grass
Comes and stings me on my elbow.
Down comes the rain and I get wet through,
I can't blow my nose because it's already blue
I catch a chill, and feel so ill.
Ee! but it's a grand and healthy life.

I love to hike, that's what I like,
Ee! but it's a grand and healthy life.
My girl and me, sat 'neath a tree
A great big blackbird with its claws
came and tore off my girl's jumper
When she got home she heard mother shout
You haven't come home the same as when you went out
She hung her head and blushing said,
Ee! but it's a grand and healthy life
