

# Me or Uke Blues

artist:Lil' Rev , writer:Lil' Rev

She told me that she loved me, said that she'd be true  
Said she'd never leave me no matter what I do

Chorus:

"Well, it's me or uke", that's what I heard my baby say  
"If you don't quit that strummin'  
..you're going to be lonely someday."

Went down to the tavern to think about what she said  
I love that ukulele, but she was so good in bed

Chorus

Ya wanna love me baby, ya gotta treat me right  
Strum me in the morning, and tune me late at night

Chorus

Thought about you, baby, late last night  
mostly how you don't.. treat me right

Chorus

Thank god I found a woman, she thinks the uke is cute  
Now I'm working overtime, strummin' in my birthday suit

Chorus
