

Ocean Song, The

artist:Ukulele Jim , writer:John Bonham, John Paul Jones, Jimmy Page, Robert Plant

Hear the ocean wind
Here it comes again
You know it feels right
So let the sunlight in

Your arms are open wide
Embrace the rising tide
It washes over all you hold inside

Feel the motion
Of the ocean waves
They call for you
Let them take you
Far away where
You can start anew
Don't let them break you down
Like you always do

Ooh, ooh ooh
Oooh, ooh ooh ooh
Oooh, ooh ooh ooh ooh

Won't you come with me
We'll sail across the sea
Set adrift on
A ship of harmony

Feel the motion
Of the ocean waves
They take us home
Stars above us
Guide us to a place
We can call our own
A place where we won't ever
Have to be alone

A place where we won't ever
Have to feel alone
Ooh Ooh Oooh Oooh
