Dirt road in the twilight, woods so cool and dark.  
Up ahead pale neon, somewhere a dog barks,  
Honky tonk moon, keep shining on my baby and me

Breaking up the pool balls, chalking up the cues  
Jukebox pumping softly, them lazy summer blues  
Honky tonk moon, keep shining on my baby and me  
\*

Through the blue smoky haze, all of the day's --  
troubles seem to melt a--way.....  
My heart's on a roll, I'm easy in my soul  
There's no hur-ry, no wor-ry, things are goin' my way

My arms around my darlin', shuffling cross the floor  
Cigarettes and sawdust, squeaky old screen door.  
Honk Tonk Moon, keep shining on my baby and me

Through the blue smoky haze, all of the day's --  
troubles seem to melt away.....  
My heart's on a roll, I'm easy in my soul  
There's no hur-ry, no wor-ry, things are goin' my way

Outside the dark is falling, stars are winking bright  
An old Hoot Owl is calling, every thing's all right

Honky tonk Moon, keep shining on my baby and me.  
Honky tonk Moon, keep shining on my baby and me.
