

# From Clare To Here

artist:Ralph McTell , writer:Ralph McTell

Thanks to Steve Walton for this

Oh there's four who share this room and we work hard for the craic  
And sleeping late on Sundays, well I never get to Mass

It's a long long way from Clare to here  
It's a long way-yay- -ay, from Clare to here  
It's a long, long way and it gets further day by day  
Oh, it's a long long way from Clare to here

When Friday comes around, well Terry's only into fighting  
Me ma would like a letter home but I'm too tired for writing

It's a long long way from Clare to here  
It's a long way-yay- -ay, from Clare to here  
It's a long, long way and it gets further day by day  
Oh, it's a long long way from Clare to here

It almost breaks my heart when I think of Josephine  
I told her I'd be coming home with my pockets full of green

Oh, it's a long long way from Clare to here  
It's a long way-yay- -ay, from Clare to here  
It's a long, long way and it gets further day by day  
Oh, it's a long long way from Clare to here

The only time I feel alright is when I'm into drinking  
It sort of ease the pain of it and levels out my thinking

Oh, it's a long long way from Clare to here  
It's a long way-yay- -ay, from Clare to here  
It's a long, long way and it gets further day by day  
Oh, it's a long long way from Clare to here

I sometimes hear a fiddle play or maybe it's a notion  
I dream I see white horses dance, up- on that other ocean

It's a long long way from Clare to here  
It's a long way-yay- -ay, from Clare to here  
It's a long, long way and it gets further day by day  
Oh, it's a long long way from Clare to here  
It's a long wa-yay- -ay from Clare to here
