You can't mix angels and alco-hol  
I don't think God meant for them to get a-long  
When it takes control you can't love the one gone  
You can't mix angels and alco-hol

You can't blend whiskey with a good woman's love  
They don't go to-gether love's already hard e-nough  
You think you can handle how it feels or what it does  
You can't blend whiskey with a good woman's love

[You can't change lonely with a bottle of wine](#)  
[It might ease the heartache for one short easy time](#)

You can't change lonely with a bottle of wine  
It might ease the heartache for one short easy time  
In the end you have to face what's hiding in your mind  
You can't change lonely with a bottle of wine

[You can't change lonely with a bottle of wine](#)  
[It might ease the heartache for one short easy time](#)

You can't mix angels and alco-hol  
An angel once loved me I traded it all  
I let the bottle drive my life into a wall  
You can't mix angels and alco-hol
