x4

I know you've been blue, I miss the way you do
So drop your dis-guise and lift those tired eyes

And love, leave it be, wait and see, under a meteor shower
Make such a sound, up and down, play it a little bit louder

Oh my have you ever seen such blue sky?
Oh what I would do up so high
Suddenly I know it's all I'll ever need
Oh don't speak I just wanna feel that heartbeat
Rattle in the dark, it's so sweet
I'm-a gonna keep on moving 'til I'm who I wanna be

x2

It's all falling through, I know you feel it, too
It shakes and co-llides and feeds your worried mind

And love, leave it be, wait and see, under a meteor shower
Make such a sound, up and down, play it a little bit louder

Oh my have you ever seen such blue sky?
Oh what I would do up so high
Suddenly I know it's all I'll ever need
Oh don't speak I just wanna feel that heartbeat
Rattle in the dark, it's so sweet
I'm-a gonna keep on moving 'til I'm who I wanna be

And I'm no good either at trying to break a- way
But don't be so eager to stay

Be-fore it be-gan, you held it in your hand
I'll take yours in mine and meet the world out-side

And love, leave it be, wait and see, under a meteor shower
Make such a sound, up and down, play it a little bit louder

Oh my have you ever seen such blue sky?
Oh what I would do up so high
Suddenly I know it's all I'll ever need
Oh don't speak, I just wanna feel that heartbeat
Rattle in the dark, it's so sweet
I'm-a gonna keep on moving 'til I'm who I
Moving 'til I'm who I
Moving 'til I'm who I wanna be
