Out--side the rain beg-ins and it may never end
So cry no more on the shore a dream
Will take us out to sea
For ever more for ever moo-ore

Close your eyes and dream and you can be with me
'neath the waves through the cave of hours
Long for-gotten now,
we're all a-lone, we're all alone

Close the window, calm the light and it will be all right
No need to bother now, let it out let it all be-gin
learn how to pre-tend

Once a story's told, it can't help but grow old
Roses do, lovers too so cast
Your seasons to the wind
and hold me dear, oh, hold me dear

Close the window, calm the light and it will be all right
No need to bother now, let it out let it all be-gin
all's for-gotten now,
we're all a-lone, we're all alone

Close the window, calm the light and it will be all right
No need to bother now, let it out let it all be-gin
Owe it to the wind, my love, Oo hold me dear

[Close the window, calm the light and it will be all right](#)
[No need to bother now, let it out let it all be-gin](#)

all's for-gotten now my love
we're all a-lone
