Whiskey River take my mind
Don't let her memory torture me
Whiskey River don't run dry
You're all I've got take care of me *

Whiskey River take my mind
Don't let her memory torture me
Whiskey River don't run dry
You're all I've got take care of me *

I'm drowning in a whiskey river
Bathing my mem'ried mind
In the wetness of its soul
Feeling the amber current
Flowing from my mind
And leaving a heart you left so cold *

You're all I've got take care of me
