I'm gonna get up in the morning, be-lieve I'll dust my broom
Gonna get up in the morning, be-lieve I'll dust my broom
Well I'm tired of telling ya, ain't got much time to lose

I'm gonna get up in the morning, be-lieve I'll dust my broom
Gonna get up in the morning, be-lieve I'll dust my broom
Well I'm tired of telling ya, ain't got much time to lose

I'm gonna write a letter, gonna send a special tele-gram
Gonna write a letter, gonna send a special tele-gram
I'm gonna find my baby, you know doggone well I am

Well be-lieve, be-lieve my time ain't long
I be-lieve, be-lieve my time ain't long
You gonna wake up in the morning, find your good man gone

I'm gonna get up in the morning, be-lieve I'll dust my broom
Gonna get up in the morning, be-lieve I'll dust my broom
Well I'm tired of telling ya, ain't got much time to lose

I'm gonna get up in the morning, be-lieve I'll dust my broom
Gonna get up in the morning, be-lieve I'll dust my broom
Well I'm tired of telling ya, ain't got much time to lose

I'm gonna call up China, see if my baby's over there
I'm gonna call up China, see if my baby's over there
Well she's a fine little woman, she's in the world some-where

I'm gonna get up in the morning, be-lieve I'll dust my broom
Gonna get up in the morning, be-lieve I'll dust my broom
Well I'm tired of telling ya, ain't got much time to lose
